BAŞKANIN MESAJI

Öncelikle şirketlerimizin, uzun yıllar süren meşakkatli bir çabanın, alın terinin ve çalışmanın ürünü olduğunu vurgulamak istiyorum. Yirminci yüzyılın sonlarına doğru oluşan tablo, bilginin giderek arttığı bir dünya sergiliyordu. Teknolojinin gelişimi ve internet ile birlikte bilgiye sınırsız erişebilme olanağı, ülkelerin, şirketlerin ve dolayısıyla insanların "sürekli öğrenme", "sürekli gelişim" ve "sürekli değişim"ini zorunlu kıldı. Bu koşullarda bugüne gelmiş olan şirketimizde ana prensipler ve ulaşılmak istenen hedefler ;

Ana Prensipler

- Kaliteden ödün vermemek
- İşi en hızlı biçimde bitirmek
- Zamanın en büyük etken olduğunun bilincinde olmak
- İşleri hiyerarşik olarak sürekli izlemek ve olabildiğince hata yapmamak
- Buna karşın oluşabilecek hataları çok ivedi bir biçimde gidermek
- Sonuçta yapılan işi en mükemmel şekilde meydana çıkartmak

Hedefler

- Dünyanın kullandığı evrensel ölçeklerde global bir şirket olmak
- Başta ülkemiz olmak üzere bütün insanlığı mutlu edecek üretimler gerçekleştirmek
- Dünyanın kullandığı ana standartları kullanarak verimliliği daha da arttırmak
- Kendi bünyesinde bir aile gibi çalışmaları sürdürmek, meslek içi ve şirket içi eğitime daha da fazla önem vermek
- Yeni teknolojileri transfer etmek, kullanmak ve geliştirmek
- Yapılan işin en iyi şekilde oluşumunu sağlamak için işverenle iyi ve dürüst diyalog içerisinde bulunmak

GÜRHAN İnşaat olarak sahip olduğumuz vizyon ve misyon ile sorumluluğumuzun bilincindeyiz. Öncü, sürekli öğrenen ve gelişen, yenilikçi ve yaratıcı grubumuz, dürüst, çalışkan, güvenilir ve kalite odaklı hizmet anlayışı ile müşterisine, profesyonel çözüm ortaklarının ışığında kendine özgü sistemler oluşturmayı ve en iyiyi sunmayı hedefliyor.
Bu prensipler doğrultusunda başarının geleceğine inanıyor, herkese mutluluklar diliyorum.

MESSAGE FROM THE PRESIDENT

To begin with, I would like to emphasize that GURHAN Construction came to this day as a result of arduous effort and hard work. The picture towards the end of the twentieth Century, manifested a World where knowledge constantly increased. The development of technology and the Internet, provided the users with the ability to unlimited information. As a result , it became compulsory for Countries, Companies and individuals to constantly learn, to constantly make progress, and to constantly change. Under these circumstances, our Companies have come to this day successfully, and accordingly our main principles and desired goals are;

Main Principles

- Not to make concession from quality
- To complete work as swiftly as possible
- Being conscious of the fact that time is the major factor
- To constantly follow up work in an hierarchical way and to avoid making mistakes as much as possible
- To eliminate mistakes urgently
- To complete work in the most consummate way possible

Goals

- To become a global company, with the universal standards recognized by the world
- To produce goods that will please our nation as well as all humanity
- To further increase productivity by utilizing the international standards
- To continue work within the structure as a family, to place more importance on training, including career and company training
- To transfer, use and develop the latest technology
- To be in good and honest relation with the employer in order to perform the projects undertaken in the best possible way

As GURHAN Construction, we are aware of our responsibilities that come with the vision and the mission that we have. Our innovative and creative Group, is eager to constantly learn and develop, and is definitely an advocate of change. Furthermore, our Group is honest, trustworthy, hardworking and with the understanding of “quality oriented service” aims at offering the best for its customers.
We believe that success will be achieved in following these principles, I wish happiness to everyone.

MEMORANDUM FOR 39 CONS/LGCM

FROM: 39 MDSS/SGST

SUBJECT: Patient Liaison Contract Performance, F61358-02-P-0034

1. During my 24 month tenure at Incirlik AB, Turkey, I have had the wonderful opportunity to act as the primary Quality Assurance Evaluator (QAE) on the patient liaison contract. I have observed the day to day operations of the contract employees and the contractor compliance/performance. This company has been critical in our unit achieving the highest possible rating in the Referral Management Program during the 2006 Health Services Inspection. The program received an "Outstanding" rating and was named one of the best in the Air Force by our inspectors. The performance of service on the patient liaison contract has been superb! I am completely confident that Gurhan Insaat will continue to provide quality performance in future years.

MEMORANDUM FOR 39TH CONS/LGC

FROM: 39TH MDS/SGSB

SUBJECT: Patient Liaison Contract Performance, FA5685-04-C-0001

1. During my 15 month tenure here at Incirlik AB, Turkey, I have had the pleasure of being the primary Quality Assurance Evaluator (QAE) on the patient liaison contracts. I have observed the day to day operations of the contractors and the overall contract compliance and performance. I am totally impressed with the performance of Gurhan Insaat and the site supervisor's Mrs. Ebru Ogretmenogulu management of the contract. Her keen insight and extensive knowledge of the contract requirement's has allowed a mutual win win relationship for the government and the contractor. The performance of service on the patient liaison/translator contract has been superb! I appreciate the leaning forward that Gurhan Insaat has demonstrated on time sensitive emergencies dealing with patient care, translations, and evacuations of our patients. The 39th MDS's healthcare mission is crucial and our ability to provide top-notch service is dependent on optimal high quality contract performance. I am completely confident Gurhan Insaat will continue to provide outstanding performance during the current and future option years of the contract.

FROM: 332 EMDSS/LOGISTICS

SUBJECT: Hospital Housekeeping Contract Performance, W91GF5-07-C-7203 and W91GF5-10-P-7005

1. During my six month tenure as the Medical Logistics Flight Commander at the 332 Expeditionary Medical Group (332 EMDG), Joint Base Balad, Iraq, I have had the pleasure of serving as the Contracting Officer Representative for the hospital housekeeping contract. I have observed the day to day operations of the contractors and the overall contract compliance and performance provided by Gurhan Construction. I have been thoroughly impressed with their performance. In particular, Mr. Hasan Samli, Ms. Elif Iskenderoglu, and Mr. Ganapathi Veeramallu have been a pleasure to work with, and I sincerely appreciate their professionalism and work ethic. Their performance has enabled a mutually beneficial relationship for the government and the contractor.

2. The 332 EMDG could not hope to succeed in our mission of providing world-class trauma, medical, preventive care, and patient movement without the support of devoted professionals like the Gurhan Construction contractors. I am completely confident that Gurhan Construction will continue to provide outstanding performance during the current and future option periods of the hospital housekeeping contract.

MEMORANDUM FOR: Gurhan Construction Company

FROM: 332 EMDG/CC

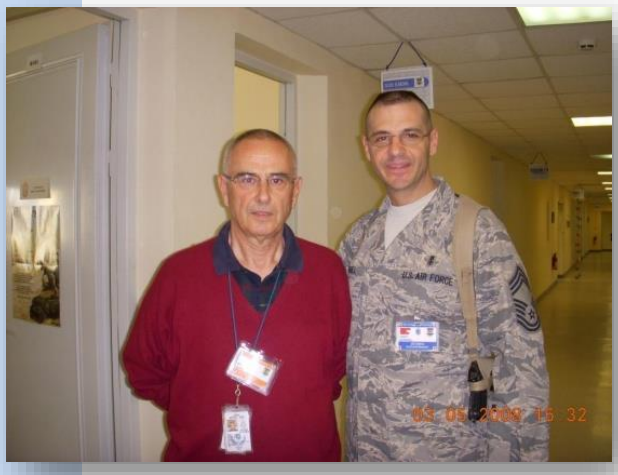

SUBJECT: Letter of Appreciation

It is with great pleasure that I write you on behalf of Mr. Hasan Samli. Mr. Samli has contributed to the mission of the Air Force Theater Hospital, Balad Iraq in an outstanding fashion. His dedication to the facility and his leadership of the housekeeping team has directly impacted our ability to deliver lifesaving care to our patients.

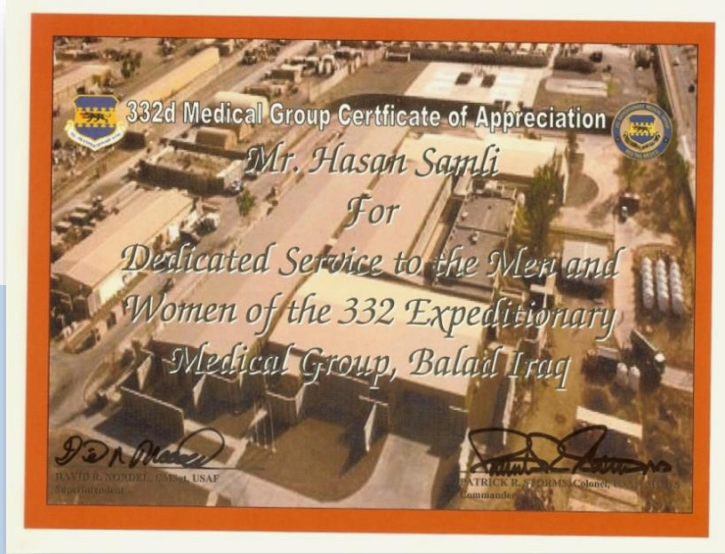

The team Mr. Samli leads helps us fight the war to saves lives in a special way. Only moments after traumas, surgery or basic patient care episodes, Mr. Samli's team is rapidly on the spot providing housekeeping support second to none. The care and compassion he shows for his people and his stellar leadership is an important reason why we have been able to provide world class trauma care for United States Military, Iraqi Civilians and contact personnel.

Mr. Samli and his team are always there for us, in both routine and urgent situations...not only with labor assistance, but with a smile and a handshake. He is a part of our medical family, as well as part of our team.

Please know that the efforts of Mr. Samli are vital to my staff and patients and that he makes it happen all day every day without fail. It is a pleasure to have him here and we could ask for no better.

Mr. Ogretmenoglu,

I would like to recognize the outstanding service and support you and your housekeeping contractors provide for the 332d Medical Group. The dedication to duty and meticulous attention that your housekeepers display are key to providing a clean and safe environment for our patients and staff. Most recently during heavy rains the facility was constantly being tracked with mud and dirt. Your housekeeping staff's excellent performance during that time ensured that the cleanest possible environment was maintained and prevented slips and falls. Please know that without your dedicated staff we would not be able to perform at the level of excellence that we constantly strive to maintain.

Thank you and all your staff for a job well done.

Sincerely

International Solid Waste Association

Gurhan L. Ogretmenoglu

is hereby granted membership and appropriate access to all the rights and privileges ISWA members enjoy.

ISWA (International Solid Waste Association) is the only international association working to ensure sustainable and environmentally friendly solutions in the waste management sector with a view to optimising and enhancing the efficiency of waste management at a global level.

The ultimate strength and potential of ISWA lies in the professional and geographic diversity of its membership - a mosaic of member communities including researchers and research centres, utilities, consultants, private and public enterprises, organisations and manufacturers. ISWA members from each of these communities represent the leading edge in their fields of speciality, and together they are building new frontiers in global waste management through interdisciplinary exchange and collaboration.
